* Please note that, in the interest of transparency, if a competent authority continues to intend to comply after the application date, it will be considered “non-compliant” unless (A) the Guidelines relate to a type of institution or instruments which do not currently exist in the jurisdiction concerned; or (B) legislative or regulatory proceedings have been initiated to bring any national measures necessary to comply with the Guidelines in force in the jurisdiction concerned.

** The competent authorities of the EEA States other than the Member States of the European Union are required to notify their compliance with ESMA’s Guidelines relating to a legal act that has been incorporated in the EEA Agreement. This compliance table reports on Guidelines relating to the Prospectus Regulation, which has been incorporated in the EEA Agreement.

***The United Kingdom formally left the EU on 31 January 2020, following which the withdrawal agreement entered into force. The withdrawal agreement marked the start of a transition period which lasted until 31 December 2020, whereby the UK was no longer an EU Member State but EU law continued to apply to it. The compliance status recorded in this table for the competent authority of the United Kingdom therefore reflects their compliance status as at 31 December 2020 and is retained for the purpose of historical information. Please note that, from 1 January 2021, EU law no longer applies to those competent authorities.

Notes

Article 16(3) of Regulation (EU) No 1095/2010 (the ESMA Regulation) requires national competent authorities to inform us whether they comply or intend to comply with each Guideline or recommendation we issue. If a competent authority does not comply or does not intend to comply it must inform us of the reasons. We decide on a case by case basis whether to publish reasons.

ESMA endeavours to ensure the accuracy of this document, however, the information is provided by the competent authorities and, as such, ESMA cannot accept responsibility for its content or any reliance placed on it.

For further information on the current position of any competent authority, please contact that competent authority. Contact details can be obtained from our website (www.esma.europa.eu).
