## **Memorandum of Understanding between ESMA and MAS establishing cooperation arrangements under Article 30 of Regulation (EU) 2016/1011 of the European Parliament and of the Council**

On 29 July 2019, the European Commission adopted Commission Implementing Decision (EU) 2019/1275<sup>1</sup> (the “Equivalence Decision”) under Article 30 of Regulation (EU) 2016/1011 of the European Parliament and of the Council<sup>2</sup> (“BMR”) regarding Singapore, determining that the administrator(s) of specific benchmarks in Singapore comply with binding requirements which are equivalent to the requirements under BMR, and that the binding requirements are subject to effective supervision and enforcement on an on-going basis in Singapore.

Following the adoption of the Equivalence Decision, the European Securities and Markets Authority (“ESMA”) must establish cooperation arrangements with the Monetary Authority of Singapore (“MAS”). The minimum content of the cooperation arrangements is defined in Article 30(4) of BMR, and further specified in Commission Delegated Regulation (EU) 2018/1644<sup>3</sup>.

ESMA and MAS have therefore reached this Memorandum of Understanding (“MoU”) whose purpose is two-fold, namely to:

- 1) establish cooperation arrangements between ESMA and MAS which are operational, thereby ensuring the fulfilment of the condition set out in Article 30(1)(d) of BMR; and
- 2) provide ESMA and MAS with an appropriate mechanism for the exchange of information, including the mechanism for prompt notification to ESMA where MAS deems that an administrator authorised in Singapore and covered by the equivalence decision of the European Commission is in breach of the conditions of its authorisation or other relevant national legislation in Singapore; and with procedures concerning the coordination of supervisory activities in relation to the administration of benchmarks, including on-site inspections.

This MoU is an arrangement between ESMA and MAS and not a collective arrangement with other European Union authorities. As such, it will not impact any arrangements which may be agreed directly between other European Union authorities and MAS.

### **General provisions**

1. Pursuant to the equivalence regime under BMR, ESMA does not have direct supervisory or enforcement powers over the Covered Administrators, with the exception of the obligation to withdraw the registration of administrators located in third countries where the conditions in Article 31 of BMR are met. ESMA therefore relies on the supervision and enforcement capabilities of MAS which supervises and enforces compliance with the Singapore's Laws and Regulations.
2. This MoU is a statement of intent to consult, cooperate and exchange information in connection with ESMA's prompt access to all relevant information requested by ESMA regarding the Covered Benchmarks. The cooperation and information sharing arrangements under this MoU should be interpreted and implemented in a manner that is permitted by, and consistent with, domestic laws and regulations.
3. This MoU does not create any legally binding obligations, confer any rights or supersede any domestic laws. This MoU does not confer upon any Person the right or ability, directly or indirectly, to obtain, suppress or exclude any information or to challenge the execution of a request for assistance under this MoU.
4. This MoU is not intended to limit or condition the discretion of an Authority in any way in the discharge of its responsibilities or to prejudice or affect in any way the individual responsibilities, competencies or autonomy of any Authority. This MoU does not limit an Authority to taking solely those measures described herein in fulfilment of its responsibilities and mandates. In particular, this MoU does not affect any right of any Authority to communicate with or obtain information or documents from any Person subject to its jurisdiction that is established in the territory of the other Authority.
5. The Authorities should, within the framework of this MoU, provide each other with the fullest cooperation permissible under their domestic laws and regulations in relation to all relevant information and supervisory activities regarding the Covered Benchmarks. Following notification, cooperation may be denied:
  - a) where the cooperation would require an Authority to act in a manner that would violate domestic laws and regulations;
  - b) where a request for assistance has not been made in accordance with the terms of this MoU; or

- c) on the grounds of national public interest for MAS and of European public interest for ESMA.
6. In case of denial, the Requested Authority will provide the reasons for not granting the assistance. Where the Requested Authority presents objective grounds by reasons of which the request cannot be fulfilled in part or in whole, the Authorities will consult with a view to reaching an understanding on the assistance to be provided.
  7. The Authorities represent that as of the date upon which this MoU takes effect no domestic laws or regulations should prevent them from providing assistance to one another as contemplated in this MoU.
  8. To facilitate communication and cooperation under this MoU, the Authorities hereby designate contact points the details of which are as set out in the Appendix. Any amendments to the details of contact points will be communicated without undue delay to the other Authority.

The information to be provided by an Authority pursuant to this paragraph will refer to a Covered Administrator or Covered Benchmark. The determination of what constitutes “material changes”, “material event”, “adversely impact” or “material effect” will be left to the reasonable discretion of the Authority providing the information.

4. *Exchange of Written Information.* Each Authority, upon written request, intends to provide the other Authority with assistance in endeavouring to obtain information not otherwise available to the Requesting Authority and, where needed, interpreting such information so as to enable the Requesting Authority to assess compliance with the Laws and Regulations to which the Covered Administrators are subject, provided that the Requested Authority is authorised to collect such information. ## **Article 5**

### **On-site Inspections**

1. ESMA does not intend to conduct any On-site Inspection of the Covered Administrator as part of its monitoring of the ongoing compliance of the Covered Benchmarks with the requirements under BMR since the Equivalence Decision determines that the legal and supervisory arrangements of the jurisdiction of the Singapore ensure that Covered Benchmarks comply with legally binding requirements which are equivalent to the requirements of BMR, and that the binding requirements are subject to effective supervision and enforcement in Singapore on an ongoing basis.
2. Given that ESMA, in respect of Covered Benchmarks , relies on the supervision and enforcement capabilities of MAS, which supervises and enforces compliance with the Laws and Regulations of Singapore, On-site Inspections by ESMA officers will only be considered in exceptional circumstances and subject to the prior written agreement of MAS.
3. In such exceptional circumstances, the Authorities should discuss and reach an understanding on the terms regarding an On-site Inspection by ESMA officers, in particular with regard to the respective roles and responsibilities of the Authorities. ESMA will act in accordance with the following procedure before conducting an On-site Inspection:
  - a) ESMA will submit to MAS an initial written request with respect to the On-site Inspection. The request will include the factual and legal background to, the objective of, and an estimated time frame for, the On-site Inspection. MAS will acknowledge the receipt of the initial written request in writing within 10 working days of receipt;
  - b) when establishing the scope of any proposed On-Site Inspection by ESMA officers, ESMA will give due and full consideration to the supervisory activities of MAS given

ESMA's reliance on the supervision and enforcement capabilities of MAS in respect of the Covered Benchmarks and will consider any information that was made available or is capable of being made available by MAS.

4. In the event of an On-site Inspection, MAS will assist ESMA in reviewing, interpreting and analysing the contents of public and non-public Books and Records and obtaining information from directors and senior management of a Covered Administrator in respect of its administration of a Covered Benchmark. MAS may, at its discretion, accompany or assist the visiting ESMA officers during the On-site Inspection.

### **Amendments**

The Authorities intend to periodically review the functioning and effectiveness of cooperation arrangements between them. This MoU may be amended with the written consent of all signatories.
